Water, the Liquid of Life

## The Heater

The S&P 2000E Gas heater is over 80% thermal efficient making it the most economical heater of its type. The heater's cabinet is powder coated with a zinc alum ensuring a long life and its water ways are made of copper, virtually eliminating corrosion. It features a reliable electronic ignition and controls to operate the pump and blower.

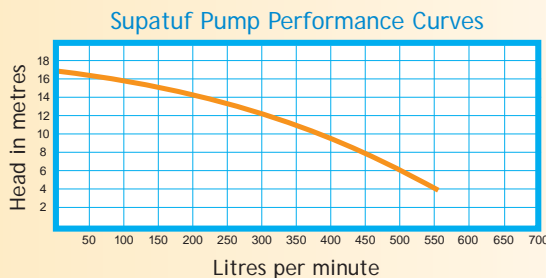

Model	Gas Pack	Gas Pack
	100NG	100LP
Nominal Gas Consumption	100 MJ/h	100 MJ/h
Heat Output	19.5 kW	19.5kW
Inlet Test Point Pressure	1.13 KPa	2.75 KPa
Outlet Test Point Pressure	0.875 KPa	2.2 KPa
Injector Diameter	1.4mm	0.85mm
Input: 1Ph. 50hz	240 V	240 V
Max. Output	10 Amps	10 Amps
S.E.C.V. Approval No.	V93085	V93085
A.G.A. Approval No.	5051	5051
Max. Water Pressure	200 KPa	200 KPa
Overall Width	852mm	852mm
Overall Height	970mm	970mm
Overall Depth	500mm	500mm
Temp. Rise Per hour*	18°C	18°C

\* Based upon a 1200 litre spa with cover at an ambient temperature of 13.6°C

S&P 2000E is available in natural gas and LP gas.

## Supatuf 2 Hp Pump

Supatuf is a durable pump designed to maximize the hydraulic output of the pump while minimizing turbulence. The pump's efficient hydraulic performance shortens run times and reduces energy consumption leading to lower operating costs.

Model	Pump	Phase	HP	KW	Amps	Motor Frame	Total Length
241200	200	1	2.00	1.50	7.20	80	629

## Water Temperature Adjustment.

For convenience the heater is equipped with a thermostat on the front of the heater control panel. Water temperature is controlled by the adjustable thermostat control knob.

## Time Clock Operation

The Heater is fitted with a 24 hour time clock to be used for the daily filtration cycle and also for the pre-set heating function.

## Trimline Cartridge Filter

Trimline Cartridge Filters are compact filters designed to effectively filter out suspended solids from the spa. Constructed from high impact polypropylene and designed for easy maintenance, Trimline Cartridge filters will give years of trouble free service.

Filter No.	Max. Area (sq. m)	Working Flow (lpm)	Working Pressure (kPa)	Pool Size (litres)	Overall Weight (kg)	Height (mm)
C75	6.9	275	350	90,000	13.6	970
C100	9.3	380	250	120,000	13.9	1200

The Trimline filter is available in 75 and 100 sq ft capacities.

## Warranty

Ten year conditional warranty on filter, two year warranty on pump, all other components are covered by a one year warranty.
