# CHLORINATOR

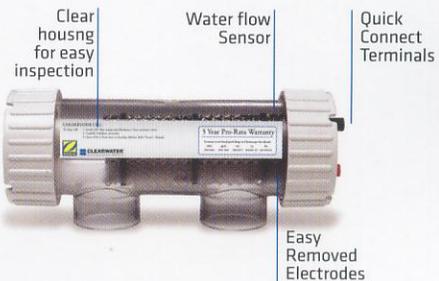

## FEATURES

- Uses Clearwater technology to produce 100% usable chlorine gas that is immediately and safely dispersed into the pool water.
- Easily know when it's time to clean the electrode through the clear vessel housing.
- The full feature control informs you of chlorine output and the indicator lights let you know when to add salt and check water flow.
- An easy to use analogue timer system helps keep your pool settings constant and control chlorine production.
