# CHLORINATOR

## FEATURES

- Uses Clearwater technology to produce 100% usable chlorine gas which is immediately and safely dispersed into the pool water.
- Quick set-up digital timer with maintenance function to keep your pool settings constant, control chlorine production as well as letting you know when to add salt.
- The low maintenance electrode reverses polarity approximately every 6 hours to assist in keeping the electrode clean. The innovative design allows easy access to check the electrode.
- Features an advanced super-chlorination function to boost chlorine gas production at peak loads.

- 1 Set and forget chlorine output levels
- 2 Chlorine output
- 3 Super chlorinate
- 4 Power bubble observation point
- 5 Advanced electrode technology
- 6 No potential calcium build-up
